

Bug Report Document for DemoQA Website

TEXT BOX (Elements Module)

SL. No - 1

BUG_ID - BUG_DQA_001

Test Case_ID - TC_19

Title - Full name field accepts numeric input.

Severity - Major

Priority - High (P1)

Description - The full name field accepts numeric values when numbers are entered. The system does not restrict numeric input or show any validation error.

Steps to reproduce

- Open Text Box page
- Enter numeric values in full name field (e.g., 12345)
- Observe the field behaviour

Expected Result - The field should reject numeric input or display validation error.

Actual Result - The field accepts numeric input without any validation.

Screenshots/Attachments - N/A

Reported By – Shreyaa R S

Date Reported - 31/03/26

Status - Open / New

Assigned To – Developer

SL. No - 2

BUG_ID - BUG_DQA_002

Test Case_ID - TC_20

Title - Full name field accepts special characters.

Severity - Major

Priority - High (P1)

Description - The full name field accepts special characters like @, #, * which should not be allowed.

Steps to reproduce

- Open Text Box page
- Enter special characters (@*&@#) in full name field
- Observe behaviour

Expected Result - Should reject special characters or show validation error

Actual Result - Accepts special characters

Screenshots/Attachments - N/A

Reported By – Shreyaa R S

Date Reported - 31/03/26

Status - Open / New

Assigned To - Developer

SL. No – 3

BUG_ID - BUG_DQA_003

Test Case_ID - TC_29

Title - Form submits with empty fields.

Severity - Critical

Priority - High (P1)

Description - The form allows submission even when all fields are empty, which violates validation rules.

Steps to reproduce

- Open Text Box page
- Leave all fields empty
- Click Submit

Expected Result - Form should not submit and must show validation errors

Actual Result - Form is submitted successfully

Screenshots/Attachments - N/A

Reported By – Shreyaa R S

Date Reported - 31/03/26

Status - Open / New

Assigned To - Developer

LINKS (Elements Module)

SL. No - 4

BUG_ID - BUG_DQA_003

Test Case_ID - TC_35

Title - Valid image is not displayed.

Severity - Major

Priority - High (P1)

Description - The valid image is not loading properly. Instead, a broken image icon is displayed.

Steps to reproduce

- Navigate to Broken Links - Images page
- Observe valid image section

Expected Result - Valid image should load and display properly

Actual Result - Broken image icon is displayed

Screenshots/Attachments - N/A

Reported By – Shreyaa R S
